ABOUT US

At R-PACK FZC, we deliver high-quality, sustainable plastic products that meet the needs of both local and international markets. Established in the UAE in 2021 as an extension of Alam Al Plastic (Kuwait, 2016), we have quickly grown to become a trusted name in manufacturing.

In 2023, we expanded our range to include plastic chairs, tables, and more, staying ahead of customer demands.

We prioritize eco-friendly practices and integrate sustainability into our manufacturing to minimize environmental impact. Our commitment to quality and innovation drives us to exceed customer expectations while contributing positively to global communities.

MANAGING DIRECTOR'S MESSAGE

At R-PACK FZC, our journey has been driven by a simple goal—to create reliable, high-quality, and sustainable plastic products that make everyday life easier. From our beginnings in 2021, we've grown with our customers, expanding our range to include MPack disposable food containers and MHome plastic furniture.

For us, sustainability isn't just a trend—it's a responsibility. We strive to minimize our environmental impact while delivering products that combine durability, convenience, and innovation.

I sincerely appreciate the trust and support of our customers and partners. Together, we will continue to grow, evolve, and make a difference.

Mahmood Chohan
Managing Director
R-PACK FZC

VISION

We create innovative, eco-friendly plastic products that meet diverse customer needs while promoting sustainability and quality.

MISSION

To be a global leader in sustainable, high-quality plastic solutions that improve everyday life.
